The Journal of Physical Fitness and Sports Medicine

J-STAGE Data Usage Policy

September 22, 2022

1. Data publication

Authors whose articles are published in the JPFSM may publish supplemental materials and underlying data in the data repository operated by the Japan Science and Technology Agency (J-STAGE Data). The published data will be given a DOI, and will be available for reading, quotations, and reuse, independently from the article.

2. Publishable data

Publishable data is as follows.

- Commonly formatted numerical data from the investigations, observations, experiments, and analyses used for the article concerned
- Photographs, graphs, still images, videos, etc. used or published in the article concerned
- Software codes / experiments / analyses / investigations / protocols, etc. published in the article concerned
- Other data deemed appropriate by the editorial committee

3. Unpublishable data

Data deemed inappropriate by the editorial committee such as personal memos, research notes, research journals, etc.

4. Data attribution / disclosure conditions

Copyright of data published in J-STAGE Data belongs to The Japanese Society of Physical Fitness and Sports Medicine.

Licensing of data (terms of use by a third party) shall be the Creative Commons License CC BY-NC-ND 4.0 as standard (When using published article data, it is limited to non-commercial purposes, modification is not allowed, and credit should be clearly stated when presenting results.).

5. Flow of data registration/publication

If authors wish to publish data in J-STAGE Data, please contact the editorial office. Since publication requires peer review, authors need to submit data together with the article concerned.

If the editorial committee approves publication in J-STAGE Data, the author submits the necessary metadata for registration. Regarding registration, the editorial office will upload the research data together with metadata to J-STAGE Data after the article is accepted. It will be published with a mutual link to the article on J-STAGE.

6. Others

For other details, the author will comply with the instructions of the editorial committee and J-STAGE Data’s data policy established by the Japan Science and Technology Agency.
